

Axyl

Design by Benjamin Hubert | LAYER

Axyl is a seating collection offering a sophisticated combination of recognisable elements. Comprising of an arm chair and stool, Axyl utilises a strong geometric design language that is entirely original yet draws on familiar references to create a range of highly functional seating.

Design

Design by Benjamin Hubert | LAYER

Layer is a strategic industrial design agency focused on experience-driven design for both the physical and digital worlds. Led by Benjamin Hubert and a growing creative team which has expanded into an experience driven design agency.

Benjamin Hubert founded his studio in 2010, with an aim of creating long-lasting product that would truly connect with people and bestow new heirlooms.
